Greenfield March 14t. 1860

Dear Brother

We have received Mr. Owens letter with draft for $1154.00 also a/c which I cant understand I suppose the present draft to cover all to 285 Barrl. flour and 15 Barr. Oatmeal which at $5.50 for flour $4.62 for Oatmeal would leave a Balance in our favour of $1636.88. see if this is correct We have not sold any flour for some time it will be higher now than the last sent you. I suppose Greenfield would bring $5.75 at Paris now. anyway, if not more, Alloway we can send at $5.00 write if these prices wile suit. the best way is always to put a price on each lot as it is sent. We wile be unable to ship you any flour for a few days. can do it the beginning of next week. I am sorry to hear of your leg troubling you so much. In regard to your comeing up I think you should come as soon as possible. Wm has got lumber ready for a house, he intends puting up a good one at first and if you were here, you could assist in puting it up the family could stop here for a month or two until it is built. or if you could live in the place at Guelph ~~[illegible]~~ for a month or two it might be more convenient at anyrate come up as soon as you are able, and I think it would be much better to come here ~~[illegible]~~ in the first place. Be sure and not bring much with you the ~~[illegible]~~ carriage wile cost more than the price here sele every thing you can. or leave anything you would wish until some other time. Wm. and Hr. are geting on pretty wele but want more help, I think it would be better if you could be here if able about the first of April if you could send us four or five hundred Dollars by the 28t. we have a bill to meet then. We would like it by that time. hopeing you are all keeping wele I remain your aff
